September 2016

The Municipal Forum of New York is renewing and accepting new Individual Subscriptions. The Forum is a membership-oriented not-for-profit organization whose members are mostly comprised of private sector organizations and individuals who are engaged in working with public sector clients.

The Forum is actively seeking to increase its membership among organizations and individuals in the public sector. There are distinct benefits to public sector members including regular interaction with finance-oriented and legal professionals in the private sector, a lively and engaging series of speakers and the opportunity to honor individuals each year in the public sector at the Forum Annual Dinner. The Municipal Forum subscription program will once again include the Speaker Series and other exciting events. We will be distributing information for the Luncheon Speaker Series shortly.

The total annual subscription payment in The Municipal Forum of New York is **\$50 per year for Regular Membership and \$25 per year for Associate Membership** (*Associate Members include those whose principal place of business is located more than 100 miles outside the City of New York or who have retired from the municipal industry*). **The fee per event for each individual member is \$80.**

To order your subscription, please fill out the attached form and forward to me with your check made **payable to The Municipal Forum of New York no later than October 15th**. This is the only notice you will receive.

To ensure that funds are properly received for deposit and recording, please send your payment to the address below:

Kristina Eng
