September 2016

The Municipal Forum of New York is a membership-oriented not-for-profit organization. Members are mostly comprised of private sector organizations and individuals who are engaged in working with public sector finance officials.

The Forum is actively seeking to increase its membership among organizations and individuals in the public sector in New York, New Jersey and Connecticut. There are distinct benefits to public sector members including regular interaction with finance-oriented and legal professionals in the private sector, a lively and engaging series and the opportunity to honor individuals each year in the public sector at the Forum Annual Dinner. Membership by public sector professionals will also directly support a core mission of the Forum in helping to provide funding for the Forum's program for graduating high school seniors – the Urban Leadership Fellows Program.

This year, the Municipal Forum subscription program will once again include the Luncheon Speaker Series and other exciting events. We will be distributing information for the Luncheon Speaker Series shortly.

To encourage participation among public sector members, the Forum has maintained a **fee of \$25 per event** per public sector member.

We look forward to the opportunity to discuss your views on the potential for membership for your organization or membership of individuals in your organization in the Municipal Forum. Please visit our website [www.themunicipalforumofnewyork.org](http://www.themunicipalforumofnewyork.org) for more information.

The Board of Governors of The Municipal Forum appreciates your continued support of our programs.

Sincerely,

Kristina Eng  
Membership Committee Chair
